

# Safety Online - the online training solution for employers

## ➤ What is Safety Online?

It is an industry endorsed online occupational, health and safety (OHS) training resource for all employees. It provides OHS induction with four levels of content depending on an employee's role.

## What are the features of Safety Online?

- Is a stand alone resource. That is:
  - Level 1 = apprentices, trainees and all staff induction
  - Level 2 = administration
  - Level 3 = executive / management
  - Level 4 = OHS field officers.
- Ensures the learner is engaged and challenged.
- Includes reliable and valid assessment.
- Is a user friendly, quick, easy to administer resource.
- Provides inbuilt feedback and support.
- Is self-paced training.
- Is accessible 24 / 7.

## What are the benefits of Safety Online?

- Gives an organisation or department a competitive advantage.
- Provides cost savings.
- Minimises risk through improved OHS training.
- Overcomes inconsistency between trainers and their delivery.
- Is delivered via a reliable learning management system that authenticates, tracks, assesses and reports on users and their interaction with the content.

## What are the advantages of Safety Online?

- Provides effective tracking and reporting.
- Ensures training delivery is standardised.
- Minimises the risk of not meeting OHS compliance.
- Provides an efficient audit trail.

## Who is Safety Online for?

It is for organisations seeking solutions/improvements for the provision of OHS training to all employees.
